DECEMBER ROBBERY
MAY BE SOLVED

Warrants Made Out for the Arrests
of Singletons on Charges of
Grand Larceny.

Steve and Bessie Singleton were placed under arrest by Constable Mike Murphy on charges of grand larceny yesterday morning. The arrests were made in connection with the alleged robbery of the store belonging to Mr. Stevens, Sixteenth and Hayne streets, during the latter part of December.

Mr. Stevens complained of the theft of \$664 at that time. Steve Singleton was placed under arrest by the city officers and held for investigation in connection with the robbery but the evidence was said to be insufficient to justify binding him over to the county authorities for trial on that charge.

Since that time new evidence has been found, according to the statements made to Constable Murphy by Mr. Stevens when the latter asked for a warrant for the arrest of the Singletons.

Mr. Stevens claims that the two people were employees of his store formerly and that Bessie remained in his employ after her husband's services were dispensed with. The door of his store was left open and some one entered and stole the cash. He said that he fired at the fleeing thief but without effect and then informed the police of the robbery and gave them what information he had at that time.

CLOTHING GIVEN
NEEDY CHILDREN

Appreciation of articles of clothing given to children needing them to attend school has been expressed to the donors by grateful parents through Miss Taubee, attendance officer.

A pair of shoes given by a Pensacola woman to a small school girl made it possible for her to complete her grade at the end of the first term of school. The girl, small and delicate and anxious to attend school, had no shoes or stockings. The mother would not allow her to go to school in inclement weather and the child was afraid of missing her grade. The teacher finding out what the trouble was endeavored to secure a pair of shoes. Women's shoes were all she could obtain and immediately these were sent the little girl came back to school wearing them and has since had no others. But she made her grade with high marks.

It is compulsory for these children to attend school but the attendance officer, on visiting the homes has found many of the children of primary and grammar school age to be without the necessary clothing to decently go to school. Many garments have been received from more fortunate Pensacolians but many more are needed old clothes or those outgrown of any kind, old trousers or coats that can be cut down for boys, articles of underwear, shoes and stockings, are badly needed for these boys and girls, in ages ranging from six to fourteen years.

Articles of clothing will be distributed to these homes if left at the office of County Superintendent A. S. Edwards, at the county courthouse, in care of Miss Taubee.

SAILOR ROBBED BY
DISCHARGED MAN

Davis Complains of Losing \$82 at Hands of Gunman on East Hill.

Robert Turner Moulis was placed under arrest by Lieut. McClure of the police department yesterday morning and held in connection with the robbery of L. B. Davis, a sailor, of \$82. The robbery was reported to the station at 7 o'clock and within an hour Lieut. McClure had Moulis in jail. The robbery occurred on East Hill.

Moulis was transferred to the county authorities during the day for trial. According to the police officers, he made a statement concerning the robbery.

The statement by Davis, in making the report, was that while he and another man were walking on the hill a man dressed as a civilian stopped them and at the point of a pistol demanded that the other man search Davis and give him everything he could find. Davis said that he was relieved of a \$50, a \$20, a \$10, and two \$1 bills. The burglar did not demand any money from the man with Davis, according to the statement, although he had several dollars with him.

The police officer notified the air station, giving the name of the man with Davis and asked them to hold him when he came in. The officers stated yesterday afternoon that Moulis was turned over by Captain Slatten and made a statement of the robbery. According to the officers he stated that the man who had the pistol had gotten his discharge the day before and was making preparation to leave the city. The robbery was evidently a frame-up between the two men, stated Lieut. McClure. The other man made his escape though the officers have sent out descriptions to nearby towns.

QUAIL FEAST GIVEN
RETAIL MERCHANTS

The members of the Pensacola Retail Merchants' association saw the long time promise fulfilled last night at Hughey's restaurant when they were given a bird feast as guests of Eddie White and Lee Gentry. The feed came following a hunt held Friday when the merchants finally persuaded a number of birds to stay by close enough for a few successful shots.

The hunt was one of the best of the season and the hunters were more than repaid for their weary efforts by bagging enough birds for the supper. They did not dare face the hungry bunch of merchants without any game and stayed out in the rain and cold long enough to make the job a success rather than return empty handed.

Lee Gentry headed the list by bagging the largest number, closely followed by his brother, W. H. Gentry, Ed T. White, Howard Mayes and others.

The feast was prepared as only Hughey's can and the hunters were sent to bed after the feast with the knowledge that the hunt was appreciated. Speakers at the meeting last night were Judge M. G. Hoffman, president of the chamber of commerce, William Fisher and H. B. Ayers.

Judge Hoffman took occasion to compliment the association for the work it has been doing in connection with the chamber of commerce and said that it was one of the city's biggest factors in civic work. Mr. Ayers, representing the Old Spanish Trail, warmly commended the project to the assembled merchants and their friends and urged the necessity of completing the trail at the earliest possible time.
